## GRADELINK

We are pleased to now be able to offer Gradelink to our student families. Gradelink is a fully integrated online grading, attendance, and school administration system.

With Gradelink, students and parents can stay well informed on the progress at school. Some of the key features include checking class grades, current GPA, attendance, assignment due dates, and see upcoming assignments online. Parents and students can download file attachments posted by the teacher including worksheets, permission slips, study guides, and the class syllabus. Requiring no teacher intervention, Automatic Grade Monitoring lets parents receive an email when their child either excels or underachieves in a class.
